## hth® BANISOL® EXTRA

Ultra Concentrated De-scaler for commercial swimming pools and spas

### Product Description

**hth® BANISOL® EXTRA** is an ultra concentrated, liquid formulation cleaning product with a high active ingredient and is extremely effective against scale deposits, rust and mineral stains.

### Areas of Use

- Removal of scale deposits, traces of rust and mineral stains in and around the pool and spa
- Can be used to clean calcium carbonate deposits in chlorine feeder units\*
- For periodic deep cleaning

### Product Benefits

- Powerful cleaning agent with effective active ingredient
- Dull liners have their colour and shine restored
- Compatible with most pool and spa surface materials†
- Non abrasive
- Minimum 5 years shelf life when stored appropriately

### Formats, Application and Packaging

**hth® BANISOL® EXTRA** - Highly concentrated liquid detergent. Applied manually either neat or diluted depending on severity of affected areas.

Standard pack sizes:

- 10 / 20 Litre Container

**NOTE:** The availability of products, pack sizes and label languages vary by country. Contact your local sales representative for more details.

\*Refer to specific manufacturer's instructions

† We recommend a sample test on small surface area before using for first time.

## Regulatory

The use of **hth<sup>®</sup> BANISOL<sup>®</sup> EXTRA** is not restricted by regulations.

## Dosing

1. Drain the pool of water before cleaning.
2. Wet the affected areas if possible.
3. Depending on the severity of the stains, apply neat or diluted at a rate of 1L per 10L of water.
4. Leave for at least 5 minutes.
5. Brush if necessary (*avoid using synthetic bristle brushes*).
6. Rinse off.
7. Repeat if necessary.

## Storage

Please refer to instructions on specific pack labels. If in doubt contact your local **hth<sup>®</sup>** Sales Manager.

## Health and Safety

Product Safety Data Sheets are available. They should be read and understood by all supervisory personnel and employees before using the product. If there is any doubt please contact your local sales office for advice.

## Service and Support

**hth<sup>®</sup>** professionals have many years of experience within the water treatment industry, with considerable knowledge of both products and equipment. We are committed to providing this expertise to assist you in your choice of product and its suitability for specific applications. Our support includes supplying site surveys, systems design, maintenance and repair solutions, product stewardship and training in the appropriate storage, usage and handling of water treatment chemicals.
